

## Tuesday Bible Study

### **Come study the Gospel of Luke**

We know very little about Luke as a person but we do know that he thoroughly researched the life of Jesus. The Gospel of Luke is unique in several ways. Luke is the longest of the four Gospels and records a variety of stories about Jesus' miracles, teaching and parables. Approximately one third of Luke's information can only be found in Luke. The book gives us a complete picture of Jesus! Come join our group as we learn about the hope and joy that God intended for us all!

### Tuesdays

**7:30- 8:30 pm, @ St. John's Anglican Church, Stewarttown**
